International Security Jun 08 2021 International Security: The Contemporary Agenda is a cutting-edge introduction to key security challenges and developments in the post-Cold War world. Drawing on a wide range of contemporary examples, it is an essential guide for students seeking to understand the theoretical and empirical debates over the fast-changing nature of international security today. The book is clearly organized into four main sections. Section 1 provides an analytical framework for the book, identifying the most significant post-Cold War shifts in international security and recent theoretical developments in security studies. Section 2 looks at environmental security, including the threat of resource-based conflict, most notably over oil and water, and the perceived security challenges of international migration. Section 3 analyses the root causes of the so-called new wars, and the broader insecurity found in many regions of the South. Dilemmas and problems of intervention, including the controversial debate over humanitarian intervention, are examined in detail. Section 4 discusses new security challenges posed by international terrorism and the proliferation of weapons of mass destruction. It explores the strategies and policies adopted by the United States, particularly in the aftermath of 9/11. This book will be valuable reading for students of international relations, international security and strategic studies.

Fiori e Colori Agenda Settimanale 2018 Sep 23 2022 CALENDARIO MENSILE 2018 E PLANNER SETTIMANALE SENZA DATA Agenda settimanale 2018 organizzata in orizzontale, piccola e pratica da tenere in borsa, adatta come base per Scrapbooking. Anteprima disponibile qui: http://www.workoncolor.com/archivio/preview_120.jpg

After Disaster Feb 14 2022 Examines how disasters like earthquakes, oil spills, and nuclear power plant accidents can act as focusing events "which cause both citizens and policymakers to pay more attention to a public problem and often to press for solutions ... Explains how and why some public disasters change political agendas and, ultimately, public policies."--P. [4] of cover.

Agenda Jan 28 2023 Started as a therapy tool, this writer's words evolved into an all too painful glimpse into her past and her somewhat tumultuous journey stretching 50 years. This book chronicles the abuse, growth, setbacks and final acceptance of the things she could not change in her life. From her dysfunctional and destructive

beginnings and continuing through 25 years of marriage to the same man. Dearis still battles many demons and major depression but continues to make progress and has completed two additional novels.

Il sapore dell'arcobaleno Apr 26 2020 Un viaggio interiore, un'esperienza nel proprio inconscio che travolge il lettore. Apparentemente le loro vite sono normali. Domeniche a Messa, affari in giro per il mondo, storie d'amore più o meno fortunate, pomeriggi al supermercato, cene in famiglia, risate con i colleghi. Apparentemente tutto sembra andare bene ma dietro questa serenità si nasconde un profondo senso di insoddisfazione. Pazienza. In fondo la vita è questa, fatta di alti e bassi. Dove la felicità è un sogno da conquistare e non uno stato dell'essere. E' così che funziona.

Apparentemente. E' la storia di Massimiliano, Giorgia e Antonio, amici d'infanzia che dopo 20 anni tornano nel paese della loro, a Marta, vicino Viterbo, per il funerale del quarto componente del loro gruppo storico, Samuele. Qui si troveranno ad affrontare il loro passato e a rivivere quelle situazioni forti, dure, che avevano cercato di cancellare o di nascondere nella loro memoria. Sarà proprio Samuele ad accompagnarli nel loro risveglio dal torpore, ad abbattere il muro che separa i loro occhi dal mondo, così vicino ma così faticoso da mettere a fuoco. Fino al punto da fargli scoprire la vita. Fino al punto da fargli cancellare quell'avverbio: apparentemente. Fino al punto da farli innamorare. Il secondo romanzo di Daniele Giudici è un viaggio interiore, un'esperienza nel proprio inconscio che travolge il lettore portandolo ad una riflessione sul dono della vita, su quanto sia difficile accorgersi che siamo vivi, su quanto portiamo dentro di noi tutto il nostro passato, a volte come un fardello. Su quante volte possiamo morire e nascere di nuovo, ogni giorno.

Rape on the Public Agenda Nov 25 2022 An examination of the history, development, and impact of the feminist anti-rape movement.

Moving the Equity Agenda Forward Nov 01 2020 This volume takes on the vital tasks of celebrating, challenging, and attempting to move forward our understanding of equity and diversity in science education. Organized thematically, the book explores five key areas of science education equity research: science education policy; globalization; context and culture; discourse, language and identity; and leadership and social networking. Chapter authors -- emerging to established US science education scholars -- present their latest research on how to make science interesting and accessible to all students. The volume includes international voices as well: Scholars from around the world crafted responses to each section. Together, authors and respondents attempt to refine our methods for examining equity issues across classrooms, schools, and policies, and deepen our understanding of ways to promote equity and acknowledge diversity in science classrooms. Moving the Equity Agenda Forward is endorsed by NARST: A Worldwide Organization for Improving Science Teaching and Learning Through Research. The volume gains authority from the fact that it was edited by one current and four former chairs of NARST's Equity and Ethics Committee.

Girls and Exclusion Jun 20 2022 The widespread view that girls are 'not a problem' is a myth. By drawing on girls' own accounts of school life and their perceptions of exclusion, this book offers startling new perspectives on the issue of disaffection amongst girls.

Race, Class, Gender, and American Environmentalism May 08 2021

An Unbroken Educational Apartheid Legacy Jan 16 2022 This is a thought-provoking

book on the black-white academic achievement gap in Chicago's predominantly black communities of color and what highly effective school boards can do to change it. In this book, the reader will be powerfully enlightened by a civil and human rights debate that calls for effective leadership in our schools, beginning with effective school boards. The primary agenda of effective school boards is raising student achievement performance levels and engaging the school district community to attain that goal. These instructive analyses of effective school board leadership builds on the research and wisdom of great leaders. Simultaneously, it develops a breath of fresh air for school reformers who seek to implement a new model and escape the insanity and pathology inherent in school board dysfunctions and violations of our civil and human rights which prevents progress in Chicago's south suburban communities of color. In both highs and lows of awesome moments, as educational reform leaders and school board members, we are in a strategic leadership position to help school boards carry out their essential responsibilities for creating equity and excellence in public education. In doing so, highly effective school leaders can team with our school board leaders to lead our school district communities in preparing all students to succeed in a rapidly changing global society. School board members doing the same things over and over again and then expecting different results in academic outcomes is the definition for insanity. Education is freedom. In an era of mass educational apartheid with its consequent mass incarceration of blacks that has surpassed the enforced chattel bondage of slavery's peak numbers in 1860, this book addresses a subject that is critically essential, timely, and in need of immediate attention for the security, success, and ultimate survival of black America. As the problems of the academic under-achievement gap is addressed in this book, it is also essential that school boards, educators, and community and national leaders accept reality, to view the problem in its true perspective, to contemplate it as it is, in providing essential solutions toward removing limiting and limited school boards' dysfunctions, obstructions, and other barriers to academic achievement in effective school board leadership. Supporting educational excellence will thereby produce more African American scholars in mathematics, science, and in many other disciplines. This book will provide information and focus on some key action areas that successful school boards in America and around the world have focused their attention on: Vision, Standards, Assessment, Resource Alignment, Climate, Collaboration, and Continuous Academic Improvement.

Feminist Ethnography Mar 06 2021 This book employs a problem-based approach to guide readers through the methods, challenges, and possibilities of feminist ethnography. The authors tease out feminist ethnography's influences on women's and gender studies, critical race studies, ethnic studies, education, communications, psychology, sociology, urban studies, and American studies.

MLP Agenda and Coloring Book Mar 30 2023 A beautiful agenda and coloring book. 123 pages of which 6 are A-Z contacts 58 amazing images to color and 365 day agenda to fill out for all your school lessons.

Give it to yourself, friends, family, and co-workers, and have a great year together! ?

Tutto questo ti daròJul 10 2021 Manuel ha una vita all'apparenza perfetta: scrittore di successo, è sposato da anni con Álvaro, l'amore della sua vita. Un giorno, però, la tragedia bussava alla sua porta indossando una divisa della polizia: Álvaro è morto in un incidente d'auto tra le vigne della Galizia, a chilometri di distanza da dove avrebbe dovuto trovarsi. Partito per identificare il corpo, presto Manuel si rende conto che la morte di Álvaro potrebbe non essere stata un incidente. Una ragnatela di verità taciute si dipana attorno alla famiglia del marito: i Muñiz de Dávila, antico casato della nobiltà galiziana. A Manuel, da bravo scrittore, non resta che collegare i puntini per ottenere una storia coerente. Ad accompagnarlo in quest'indagine pericolosa, il burbero Nogueira, poliziotto fresco di pensionamento, e Padre Lucas, amico d'infanzia di Álvaro. Ma dissepellire la verità ha un prezzo che forse Manuel non è disposto a pagare: scoprire che l'uomo che credeva di conoscere non è mai esistito. Il bestseller Tutto questo ti darò è un thriller psicologico orchestrato con maestria dalla regina del literary thriller Dolores Redondo: un viaggio nelle atmosfere gotiche di una Galizia tanto bella quanto crudele, tra superstizioni e segreti inconfessabili.

Sales Presentations (Color Version)Apr 06 2021 A well constructed and presented sales proposal will often make the difference between making a sale or leaving without one. In this book we show you how to organize and present yourself, your company and its products and services. We take you from your very first introductory meeting through fact finding meetings, your initial presentation and your final presentation. We provide sample time lines for short fact finding, 35 minute presentations for smaller needs and a sample 60 minute meeting for what we call your dress rehearsal and a 60 minute final presentation to secure the order. We outline how to prepare your quotation along with your presentation to create optimum results in obtaining the sale. For anyone wanting to know how to run successful meetings there are many tips and

suggestions for before meeting preparation, your agenda, and a critical area which is often forgotten - Time. Whether your meetings are small or large or your quotation is for a product, service or project we cover them all.

Undivided Rights Sep 11 2021 Undivided Rights captures the evolving and largely unknown activist history of women of color organizing for reproductive justice—on their own behalf. Undivided Rights presents a textured understanding of the reproductive rights movement by placing the experiences, priorities, and activism of women of color in the foreground. Using historical research, original organizational case studies, and personal interviews, the authors illuminate how women of color have led the fight to control their own bodies and reproductive destinies. Undivided Rights shows how women of color—starting within their own Latina, African American, Native American, and Asian American communities—have resisted coercion of their reproductive abilities. Projected against the backdrop of the mainstream pro-choice movement and radical right agendas, these dynamic case studies feature the groundbreaking work being done by health and reproductive rights organizations led by women-of-color. The book details how and why these women have defined and implemented expansive reproductive health agendas that reject legalistic remedies and seek instead to address the wider needs of their communities. It stresses the urgency for innovative strategies that push beyond the traditional base and goals of the mainstream pro-choice movement—strategies that are broadly inclusive while being specific, strategies that speak to all women by speaking to each woman. While the authors raise tough questions about inclusion, identity politics, and the future of women's organizing, they also offer a way out of the limiting focus on "choice." Undivided Rights articulates a holistic vision for reproductive freedom. It refuses to allow our human rights to be divvied up and parceled out into isolated boxes that people are then forced to pick and choose among.

AIDS on the Agenda Mar 25 2020 AIDS on the Agenda is written for policymakers, managers, and program staff in development and humanitarian agencies, to promote debate about the challenges that confront them in a world which has been changed forever by the pandemic of AIDS. The book considers three possible responses to the problem: * Do nothing. * Try to specialize in direct AIDS work. * Adapt core programs and internal systems to respond to the impact of AIDS. The author argues for the third approach as the essential initial response. She shows how mainstream work in a wide range of sectors e" including food security, livelihoods support, education, health promotion, and emergency provision of water and sanitation e" can be modified to reduce susceptibility to HIV infection and vulnerability to the impacts of AIDS. She also offers practical advice on modifying personnel and financial systems to protect the interests of staff and the viability of organizations when operating in AIDS-prone contexts. The text is based on case studies drawn from the experiences of three agencies (ActionAid, Oxfam International, and Save the Children UK) and their partners; and on insights contributed by a wide range of other organizations. The problems inherent in the e~mainstreaminge(tm) approach are dealt with frankly and constructively. The comprehensive Resources section offers user-friendly guidance on the following topics: * Researching and predicting the internal impacts of AIDS * Assessing the impacts of AIDS education and awareness-raising * Drafting a workplace policy * Monitoring the impact of AIDS and of internal mainstreaming * Training for mainstreaming AIDS in development and humanitarian work * Undertaking community research for mainstreaming AIDS in development and humanitarian work * Adapting organizational systems

Urban Future 21Oct 01 2020 This is the key book on global urban development at the start of the twenty-first century. It systematically reviews the main scenarios for the first 25 years of the twenty-first century and outlines an action plan to meet likely problems.

Rewriting the Rules of the American Economy: An Agenda for Growth and Shared Prosperity Jul 22 2022 It's time to rewrite the rules—to curb the runaway flow of wealth to the top one percent, to restore security and opportunity for the middle class, and to foster stronger growth rooted in broadly shared prosperity. Inequality is a choice. The United States bills itself as the land of opportunity, a place where anyone can achieve success and a better life through hard work and determination. But the facts tell a different story—the U.S. today lags behind most other developed nations in measures of inequality and economic mobility. For decades, wages have stagnated for the majority of workers while economic gains have disproportionately gone to the top one percent. Education, housing, and health care—essential ingredients for individual success—are growing ever more expensive. Deeply rooted structural discrimination continues to hold down women and people of color, and more than one-fifth of all American children now live in poverty. These trends are on track to become even worse in the future. Some economists claim that today's bleak conditions are inevitable consequences of market outcomes, globalization, and technological progress. If we want greater equality, they argue, we have to sacrifice growth. This is simply not true. American inequality is the result of misguided structural rules that actually constrict economic growth. We have stripped away worker protections and family support systems, created a tax system that

rewards short-term gains over long-term investment, offered a de facto public safety net to too-big-to-fail financial institutions, and chosen monetary and fiscal policies that promote wealth over full employment.

La Rassegna italiana Jan 04 2021

Getting to the 21st Century Dec 23 2019 This critique of current development policies and ideology provides alternative approaches for building a sustainable and just society for the new millennium.

Agenda-Setting Dec 27 2022 Agenda-Setting asks who sets the agenda that brings social problems into the public arena, on to the policy agenda and, finally, to a change of policy. It provides important practical and theoretical insight into the agenda-setting process.

Praticare il tempo. Manuale operativo per ottimizzare la vita personale e professionale May 27 2020

Distinct Identities Mar 18 2022 The second edition of Distinct Identities continues to provide a sophisticated yet accessible introduction to the complexities of the politics, social structures, and cultural contexts that animate how women of color engage in and shape U.S. politics. Keeping the structure of the original volume, this text represents the diverse and innovative scholarship being conducted in this field while covering the core topics in gender politics. What's New: Chapters on queer women of color and the role of women of color and social movements. Chapters on the strategies that women of color use to run for office, where they run, political newcomers (Asian and Indigenous women). Chapters on the experiences of women of color office holders. Chapters on policy analysis and the media's role in shaping the political agenda of women of color political elites. Distinct Identities pushes the boundaries of traditional intersectional scholarship and responds to America's rapidly diversifying demographics and political culture. It reflects cutting-edge scholarship and provides readers with insight into where the field of women of color politics will head in the coming years.

Setting the Agenda Feb 26 2023 Demonstrates that the majority party seizes agenda control at nearly every stage of the legislative process.

Black Education Oct 25 2022 This volume presents the findings and recommendations of the Commission on Research in Black Education and offers new directions for research and practice. It demonstrates a transformative role for research and a positive role for culture in learning, in the academy, and in community and cross national contexts.

The President's Agenda Aug 23 2022 In this third edition, Paul Light updates his study by weighing the successes and failures of the Bush and Clinton presidencies in setting up a legislative agenda of domestic issues for Congress. The most noticeable development, according to Light, is the shrinking of the agenda and the absence of fresh new ideas. Explaining the emergence of the derivative presidency, he attributes this increasingly limited social arena to the problems associated with the end of the welfare state, the thickening of government, the problems of the budget, the Reagan effect, and the changing nature of party politics.

Women of Color and the Reproductive Rights Movement Feb 02 2021 Uncovers the truth behind the ideas, struggles, and eventually success of Black and Puerto Rican Nationalists regarding key feminist issues of the 1960s, 1970s, and 1980s While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights, for many women abortion was not the only, or even primary, focus. Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s, 1970s, and early 1980s through the particular contributions of women of color. She explores the relationship between second-wave feminists, who were concerned with a woman's right to choose, Black and Puerto Rican Nationalists, who were concerned that Black and Puerto Rican women have as many children as possible "for the revolution," and women of color themselves, who negotiated between them. Contrary to popular belief, Nelson shows that women of color were able to successfully remake the mainstream women's liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics—including addressing sterilization abuse, access to affordable childcare and healthcare, and ways to raise children out of poverty—for feminist discourse.

Agendas and Instability in American Politics Apr 18 2022 In this innovative account of the way policy issues rise and fall on the national agenda—the first detailed study of so many issues over an extended period—Frank R. Baumgartner and Bryan D. Jones show that rapid change not only can but does happen in the hidebound institutions of government. Short-term, single-issue analyses of public policy, the authors contend, give a narrow and distorted view of public policy as the result of a cozy arrangement between politicians, interest groups, and the media. Baumgartner and Jones upset these notions by focusing on several issues—including civilian nuclear power, urban affairs, smoking, and auto safety—over a much longer period of time to reveal patterns of stability alternating with bursts of rapid, unpredictable change. A welcome corrective to conventional political wisdom, Agendas and Instability revises our understanding of the dynamics of agenda-setting and clarifies a subject at the very center of the study of American politics.

AMOREVOLI ASIMMETRIE - L'arte di fuggire ancor prima di essere inseguiti Jul 30 2020
L'ambizioso Lio si imbatte per caso nel problematico Sam, in preda a una crisi di nervi davanti a un cartellone pubblicitario raffigurante una donna col collo tagliato. Nasce così una conoscenza che catturerà Lio al punto da portarlo a disegnare gli incubi, le allucinazioni e tutti gli strani disturbi psichici del suo nuovo amico e a credere di poterne addirittura ricavare un fumetto. Allo scopo però di realizzare il suo sogno Lio dovrà prima riuscire a svelare i segreti che l'amico ha custodito per quasi trent'anni, per appropriarsi del suo vasto mondo immaginifico. Lio si imbatte così nel personaggio di Luna, fanciulla amata e mai dimenticata dal suo bizzarro amico e sarà catturato dalla storia di Nemo Gareffi, padre di Sam, venuto a mancare prematuramente. Lio dovrà fare i conti anche con i propri fantasmi: il compromesso mal digerito di trasferirsi dalla sua rampante Milano in una sperduta località del sud per obblighi morali verso suo padre; una relazione ancora non dichiaratamente naufragata con la propria compagna; un'identità di genere mai pienamente accettata; la propria onestà intellettuale vanificata dall'entrata in scena del subdolo direttore editoriale di una nota testata fumettistica. In un epilogo imprevisto, le parti finiranno per capovolgersi: l' approfittatore si ridurrà a tramite inevitabile per la rinascita dell'ignara vittima; il mentecatto da usare asservirà sempre più il proprio aguzzino, trovando nel suo aiuto interessato la via per la verità.
